

IFRS AT A GLANCE
IAS 38 *Intangible Assets*

IAS 38 Intangible Assets

SCOPE

Scope exclusions: financial and intangible assets covered by other IFRSs (IAS 2, IAS 12, IAS 17, IAS 19, IAS 32, IFRS 4, IFRS 5).

DEFINITIONS

Intangible assets - identifiable, non-monetary assets, without physical substance.

Assets - resources, controlled from past events and with future economic benefits expected.

Identifiable if either:

- ▶ Capable of being separated and sold, licensed, transferred, exchanged or rented separately
- ▶ Arise from contractual or other legal rights.

RECOGNITION AND MEASUREMENT

SEPARATE ACQUISITION

1. Probable - expected future economic benefits will flow to the entity; and
 2. Cost can be reliably measured.
- Recognition at cost.

ACQUIRED IN BUSINESS COMBINATION

1. Probable - always met if fair value (FV) can be determined; FV reflects expectation of future economic benefits.
2. Cost - FV at acquisition date.
 - ▶ Acquirer recognises it separately from goodwill
 - ▶ Irrespective of whether the acquiree had recognised it before acquisition.

INTERNALLY GENERATED

Research phase - expense costs as incurred.

Development phase - Capitalise if all criteria are met:

- ▶ Technical feasibility of completion of intangible asset
- ▶ Intention to complete
- ▶ Ability to use or sell the intangible asset
- ▶ Adequate technical, financial and other resources to complete
- ▶ Probable future economic benefits
- ▶ Expenditure measured reliably.

EXCHANGE OF

- ▶ Measure acquired asset at its fair value
- ▶ If not possible, at book value of asset given up.

INTERNALLY GENERATED

Internally generated goodwill is never recognised as it is not an identifiable resource that can be measured reliably.

Examples include:

- ▶ Internally generated brands
- ▶ Customer lists.

COSTS INCURRED UNEVENLY

Initially recognised at either:

- ▶ Fair value
- ▶ Nominal value plus direct expenses to prepare for use.

Examples include:

- ▶ License to operate national lottery
- ▶ Radio station.

IAS 38 Intangible Assets

SUBSEQUENT ACCOUNTING

Finite useful life - Choose either amortised cost or revaluation model:

Cost model

- ▶ Determine useful life
- ▶ Residual value - assumed zero unless active market exists or a commitment by third party to purchase the intangible asset exists
- ▶ Determine amortisation method
- ▶ Review above annually
- ▶ Rebuttable presumption that revenue based amortization is inappropriate
- ▶ Amortisation method reflects the pattern in which future economic benefits are expected to be consumed.
- ▶ Amortisation begins when available for use.

Revaluation model

- ▶ Fair value at revaluation date
- ▶ Fair value determined by referring to active market
- ▶ If no active market, use cost model
- ▶ Revaluation done regularly
- ▶ The net carrying amount of the asset is adjusted to the revalued amount and
 - The gross carrying amount is adjusted in a manner that is consistent with the revaluation of the carrying amount of the asset. For example, the gross carrying amount may be restated by reference to observable market data or it may be restated proportionately to the change in the carrying amount. The accumulated amortisation at the date of the revaluation is adjusted to equal the difference between the gross carrying amount and the carrying amount of the asset after taking into account accumulated impairment losses
 - Accumulated amortisation is eliminated against the gross carrying amount.
- ▶ Credit to revaluation surplus net of Deferred Tax
- ▶ Transfer to retained earnings on realisation.

Indefinite useful lives

- ▶ No foreseeable limit to future expected economic benefits
- ▶ Not amortised
- ▶ Test for impairment annually or when an indication exists
- ▶ Review annually if events and circumstances still support indefinite useful life
- ▶ If no longer indefinite change to finite useful life.

OTHER

Past expenses cannot be capitalised in a later period.

This publication has been carefully prepared, but it has been written in general terms and should be seen as broad guidance only. The publication cannot be relied upon to cover specific situations and you should not act, or refrain from acting, upon the information contained therein without obtaining specific professional advice. Please contact your respective BDO member firm to discuss these matters in the context of your particular circumstances. Neither BDO IFR Advisory Limited, Brussels Worldwide Services BV, BDO International Limited and/or BDO member firms, nor their respective partners, employees and/or agents accept or assume any liability or duty of care for any loss arising from any action taken or not taken by anyone in reliance on the information in this publication or for any decision based on it.

Service provision within the international BDO network of independent member firms ('the BDO network') in connection with IFRS (comprising International Financial Reporting Standards, International Accounting Standards, and Interpretations developed by the IFRS Interpretations Committee and the former Standing Interpretations Committee), and other documents, as issued by the International Accounting Standards Board, is provided by BDO IFR Advisory Limited, a UK registered company limited by guarantee. Service provision within the BDO network is coordinated by Brussels Worldwide Services BV, a limited liability company incorporated in Belgium with its statutory seat in Zaventem.

Each of BDO International Limited (the governing entity of the BDO network), Brussels Worldwide Services BV, BDO IFR Advisory Limited and the member firms is a separate legal entity and has no liability for another such entity's acts or omissions. Nothing in the arrangements or rules of the BDO network shall constitute or imply an agency relationship or a partnership between BDO International Limited, Brussels Worldwide Services BV, BDO IFR Advisory Limited and/or the member firms of the BDO network.

BDO is the brand name for the BDO network and for each of the BDO member firms.
