ABOUT BDO

BDO is an international network of public accounting, tax and advisory firms, the BDO Member Firms, which perform professional services under the name of BDO. Each BDO Member Firm is a member of BDO International Limited, a UK company limited by guarantee.

The BDO network is governed by the Council, the Global Board and the Executive (or Global Leadership Team) of BDO International Limited.

Service provision within the BDO network is coordinated by Brussels Worldwide Services BVBA, a limited liability company incorporated in Belgium with VAT/BTW number BE 0820.820.829, RPR Brussels. BDO International Limited and Brussels Worldwide Services BVBA do not provide any professional services to clients. This is the sole preserve of the BDO Member Firms.

Each of BDO International Limited, Brussels Worldwide Services BVBA and the member firms of the BDO network is a separate legal entity and has no liability for another such entity's acts or omissions. Nothing in the arrangements or rules of BDO shall constitute or imply an agency relationship or a partnership between BDO International Limited, Brussels Worldwide Services BVBA and/or the member firms of the BDO network.

BDO is the brand name for the BDO network and all BDO Member Firms. BDO is a registered trademark of Stichting BDO.

HOW TO USE THIS DIRECTORY

This document lists all the offices and partners of BDO Member Firms worldwide, alphabetically by country. There is also an alphabetical partner index at the back. Please send any queries to the BDO Global Office.

All initial contact with a country should be made through the **International Liaison Partner (ILP)**, whose name heads up each country's listing. The ILPs are responsible for the coordination of all international client work in their country. The national firm name is shown above the main office address.

The country listings also contain the following information:

GMT +/- : This is the local time x hours later (+) or earlier (-) than Greenwich Mean Time (GMT). Summer time changes are not taken into account.

 To : This indicates the dialling code to be used when making an international call **to** that country (country code).

From : This indicates the dialling code to be used when making an international call **from** that country (international access code).

This Directory has been prepared for the sole use of BDO Member Firms, including their exclusive alliances.
