

IFRS AT A GLANCE
IFRIC 12 *Service Concession
Arrangements*

IFRIC 12 *Service Concession Arrangements*

Also refer:
SIC-29 *Service Concession Arrangements: Disclosure*

Effective Date
Periods beginning on or after 1 January 2008

BACKGROUND AND ISSUE	SCOPE
<p>IFRIC 12 sets out general principles on recognising and measuring the obligations and related rights in service concession arrangements. Requirements for disclosing information about service concession arrangements are in SIC-29 <i>Disclosure - Service Concession Arrangements</i>. The issues addressed in IFRIC 12 are:</p> <ul style="list-style-type: none"> • Treatment of the operator's rights over the infrastructure • Recognition and measurement of arrangement consideration • Construction or upgrade services • Operation services • Borrowing costs • Subsequent accounting treatment of a financial asset and an intangible asset • Items provided to the operator by the grantor. 	<ul style="list-style-type: none"> • IFRIC 12 gives guidance on the accounting by operators for public-to-private service concession arrangements • IFRIC 12 applies to public-to-private service concession arrangements if both: <ul style="list-style-type: none"> – The grantor controls or regulates what services the operator must provide with the infrastructure, to whom it must provide them, and at what price – The grantor controls (through ownership, beneficial entitlement or otherwise) any significant residual interest in the infrastructure at the end of the term of the arrangement. • IFRIC 12 applies to both: <ul style="list-style-type: none"> – Infrastructure that the operator constructs or acquires from a third party for the purpose of the service arrangement – Existing infrastructure to which the grantor gives the operator access for the purpose of the service arrangement. • IFRIC 12 does not specify the accounting for infrastructure recognised as PPE by the operator before it entered the service concession agreement • IFRIC 12 does not specify the accounting by grantors.
CONSENSUS	
<p>Treatment of the operator's rights over the infrastructure Infrastructure within the scope of IFRIC 12 is not recognised as property, plant and equipment of the operator because the contractual service arrangement does not convey the right to control the use of the public service infrastructure to the operator. The operator has access to operate the infrastructure to provide the public service on behalf of the grantor in accordance with the terms specified in the contract.</p> <p>Recognition and measurement of arrangement consideration Under the terms of contractual arrangements within the scope of IFRIC 12, the operator acts as a service provider. The operator recognises and measures revenue in accordance with IAS 11 <i>Construction Contracts</i> and IAS 18 <i>Revenue</i> for the services it performs.</p> <p>Construction or upgrade services The operator accounts for revenue and costs relating to construction or upgrade services in accordance with IAS 11. If the operator provides construction or upgrade services the consideration received or receivable by the operator is recognised at its fair value. The consideration may be rights to:</p> <ul style="list-style-type: none"> • A financial asset (as described below) if it has an unconditional right to receive cash or another financial asset. This when the grantor contractually guarantees to pay the operator a specified amounts or the shortfall between amounts received from users and a specified amount • An intangible asset (IAS 38.45-47 provide guidance) if it receives a right (a licence) to charge user for a public service. <p>Financial asset The amount due from or at the direction of the grantor is accounted for in accordance with IAS 39 <i>Financial Instruments: Recognition and Measurement</i>, as:</p> <ul style="list-style-type: none"> • A loan or receivable • An available-for-sale financial asset • A financial asset at fair value through profit or loss, if so designated upon initial recognition and the conditions for that classification are met. <p>Operation services The operator accounts for revenue and costs relating to operation services in accordance with IAS 18.</p> <p>Borrowing costs incurred by the operator In accordance with IAS 23 <i>Borrowing Costs</i>, borrowing costs attributable to the arrangement are recognised as an expense in the period in which they are incurred unless the operator has a contractual right to receive an intangible asset. In this case borrowing costs attributable to the arrangement are capitalised during the construction phase of the arrangement in accordance with IAS 23.</p> <p>Intangible asset IAS 38 <i>Intangible Assets</i> applies to any intangible assets recognised.</p> <p>Items provided to the operator by the grantor Infrastructure items to which the operator is given access by the grantor for the purposes of the service arrangement are not recognised as property, plant and equipment of the operator.</p>

This publication has been carefully prepared, but it has been written in general terms and should be seen as broad guidance only. The publication cannot be relied upon to cover specific situations and you should not act, or refrain from acting, upon the information contained therein without obtaining specific professional advice. Please contact your respective BDO member firm to discuss these matters in the context of your particular circumstances. Neither BDO IFR Advisory Limited, Brussels Worldwide Services BVBA, BDO International Limited and/or BDO member firms, nor their respective partners, employees and/or agents accept or assume any liability or duty of care for any loss arising from any action taken or not taken by anyone in reliance on the information in this publication or for any decision based on it.

Service provision within the international BDO network of independent member firms ('the BDO network') in connection with IFRS (comprising International Financial Reporting Standards, International Accounting Standards, and Interpretations developed by the IFRS Interpretations Committee and the former Standing Interpretations Committee), and other documents, as issued by the International Accounting Standards Board, is provided by BDO IFR Advisory Limited, a UK registered company limited by guarantee. Service provision within the BDO network is coordinated by Brussels Worldwide Services BVBA, a limited liability company incorporated in Belgium with its statutory seat in Brussels.

Each of BDO International Limited (the governing entity of the BDO network), Brussels Worldwide Services BVBA, BDO IFR Advisory Limited and the member firms is a separate legal entity and has no liability for another such entity's acts or omissions. Nothing in the arrangements or rules of the BDO network shall constitute or imply an agency relationship or a partnership between BDO International Limited, Brussels Worldwide Services BVBA, BDO IFR Advisory Limited and/or the member firms of the BDO network.

BDO is the brand name for the BDO network and for each of the BDO member firms.
