RECOGNITION AND MEASUREMENT

An entity within the scope of IFRS 14 is able to make a voluntary irrevocable election in its first annual IFRS financial statements whether or not to recognise regulatory deferral balances in accordance with IFRS 14.

An entity that has elected to apply IFRS 14 in its first annual IFRS financial statements, continues to apply the recognition, measurement, impairment and derecognition requirements in accordance with its previous GAAP to **all** its regulatory deferral account balances.

Changes are only permitted if they result in the financial statements being either:

- ▶ More relevant and no less reliable, or
- ▶ More reliable and no less relevant.

RECOGNITION AND MEASUREMENT

IFRS 14 requires a number of disclosures to enable users to assess:

- ▶ The nature of and risks associated with the rate regulation the entity is exposed to
- ▶ The effects of that rate regulation of the entity's financial position and financial performance.
